

Nature Explorers

Fall Classes at The Children's House!

www.natureexplorersinternational.com

Discover the reasons behind the mysteries of a Michigan autumn! Young ecological leaders will learn through a curriculum that intertwines experiential and environmental education. Learn through interactive stories, songs, games, artwork, outdoor exploration, and science experiments about why and how the leaves change color, the birds migrate and the animals store food and hibernate.

Ages: 3-7 years

When: Wednesdays, September 14, 21, 28, October 5, 12, 19 & 26.

3:20pm-5:00pm (Snack provided)

Where: The Music Room at The Children's House

Cost: \$10 per session for 4 or more scheduled, \$12 per session for drop-ins

TO REGISTER, CONTACT: Amalia Fernand at 231-651-9466/amaliaceleste@gmail.com

Amalia is an international environmental educator. She has experience in Montessori, environmental and experiential education with children of all ages around the world. Amalia has a Master of Science in Ecological Leadership and Education from the Audubon Expedition Institute of Lesley University. She has a Bachelor of Arts in Environmental Science with minors in Marine Science and Anthropology from Eckerd College. Amalia founded Nature Explorers International and works to help children foster a greater understanding of their environment, an excitement for learning and exploration, and a deep set love of nature that lasts a life time.
