August 10, 2010

Dear Children's House Families,

Summer on campus is bursting with beautiful color. From blooming perennials along the front walk, to the plants in the production gardens that are heavy with fresh produce, our 8 1/2 acres are more beautiful than ever! We are busy planning for the upcoming 2010-2011 year and look forward to welcoming you.

By now, you should have received a welcome card with a photo of your child's teacher. For those of you who are new to the school or have a child entering a new toddler or primary classroom, you will be receiving a call soon from your child's guide to make plans for a home visit.

This year, the **Opening Parent Meeting** will take place **Tuesday, September 7th with parents new to the school for summer or fall of 2010 arriving at 6:00pm and returning parents arriving at 6:30pm.** This meeting is our opportunity to welcome you and share important information about the upcoming year. We ask that all parents attend.

Attached, you will find all of the information you need to begin planning for a great year together. Please review the contents and contact us if you have any questions.

It is our mission to partner with you in making certain that your child has the best and most personalized education possible. We appreciate the opportunity to be a part of this important process with you.

Looking forward to a great year,

Michele Shane
Head of School

WITH YOUR CHILD'S NAME**

Dear Families,

The concept of healthy living is very important to us at The Children's House. We provide programming that encourages students to create healthy habits in a variety of ways. With Physical Education and daily movement, Della Terra (our gardening program) and cooking both in the classroom and in the kitchen, children learn about the importance of good health.

It is our priority to provide your child with fresh, nutritious, unprocessed food using local and organic options whenever possible. At the same time we are committed to maintaining a cost that allows us to support the program while allowing you a healthy and affordable lunch option.

The cost of lunch at \$3.25 per day supports program expenses. We hope that this pricing coupled with the convenience and peace of mind of knowing that your child is eating delicious and healthy food will encourage you to take advantage of the program. To look at sample menus, please go to our website at www.traversechildrenshouse.org/lunch_menu.asp

Come in and try lunch with your child. It will undoubtedly change your perception of "school lunch!"

In good health,

Michele Shane
