

PEST MANAGEMENT

As part of the Montessori Children's House pest management system, it may be necessary to occasionally apply a pesticide. You have the right to be informed prior to any pesticide application made to the school grounds and buildings.

Advance notice of applications will be posted at the entrance to the school and posted on the school's web site. You are also entitled to receive notification by first-class mail three days prior to the application. If you would like advance notification by mail, please complete the information below and submit to the business office.

In the case of an emergency, pesticides may be applied without prior notice. Those parents who request notification will be notified of the emergency application after it occurs.

You may contact Kim Gallagher at 929-9325 if you have any questions regarding this letter.

PESTICIDE PRIOR NOTIFICATION REQUEST

Parent/Guardian Name: _____

Child's Name: _____
